To : Superintendents of Schools

Re : REPORT OF INTENTION OF CONTINENTAL TEACHERS TO  
RETURN TO SERVICE IN PURTO RICO.

Ladies and Gentlemen:

In making our plans for next year, we are hoping to give the Continental Teachers their assignments before the present year ends. To do this, it will be necessary for them to give us the information requested in the blank form prepared for this purpose. This information should be in this office not later than March 24.

Please notify them that their decisions should be final, for we cannot guarantee making changes once the assignments have been made. Furthermore, we do not want to begin the new school year and find ourselves in the situation of filling vacancies at the last minute because teachers have decided not to return.

Very truly yours,

(Signed) JOSE M. GALLARDO  
Commissioner of Education
